

Where is everyone going?

Lynchburg Department of Recreation and Playgrounds
1933 Annual Playground Picnic, Miller Park

To the parks planning meeting

The City of Lynchburg is planning the future of Miller, Perrymont, College and Younger Parks. Public input is needed to gather information about how the parks were used in the past, how parks are used now and how residents would like to use parks in the future. The City is sponsoring the first of three public meetings to gather citizens' input on the master plan for these four parks.

All residents are invited to attend.
